

DBE New Application Document Checklist

Please use the checklist below to prepare the required documents. The checkboxes correspond to the Upload Documents area in your application portal.

For affiliate firms' tax returns, if your firm has more than one affiliate, compile all the documents for each year, then scan/combine them into one file.

For each item that says **(for each applicable owner)**, the system will generate a separate upload item space for each owner, with the owner's name, on the Upload Documents page. You can then upload the corresponding file in the application portal for each owner that DBE certification is dependent on. You are not required to submit those documents for owners that certification is not dependent on, even though the system automatically generates an upload space for that owner.

If you prefer to send paper copies, you must fill in the name of the applicant firm, and the certification/record tracking number below, print a copy of this checklist for each applicable required document, check the box that corresponds to that document, and use this form as a cover sheet/separator between the required documents. Be advised that sending paper copies can add up to 60 days to your evaluation process.

Applicant Company Legal Name:

Certification/Record tracking Number:
