The IDA is requesting support to provide favorable financing terms to LBI, to protect the company’s existing 80 full time positions and to support the company’s product expansion, which will result in an additional 40 new full time positions over the next 5 years. Since the IDA of Tazewell is also serving as co-borrower, no Moral Obligation is being provided. Fernando and Melanie Protti-Lawrence, CEO and President of LBI respectively, will provide personal and unconditional guarantees of this request.
Ms. Tackett and Ms. Protti-Lawrence presented an overview of LBI business model and financial performance. Pursuant to the presentation brief discussion and questions raised by Messrs. Smith, Hoang, and Joyce found that:

Mr. Pisons presented VSBFA $750,000 EDLF for Churches of One Accord (COA), dba Center for Global Diplomacy in Virginia Beach. Mr. Pisons recalled for the Board that COA was counting on our $750,000 loan plus a $750,000 grant from the City of Virginia Beach to purchase the subject property to re-open a child day care center (Phase 1), then develop 35 LIHTC units 12-18 months after closing the subject acquisition (Phase 2). Fulton Bank was providing the development loan which would extinguish our loan when that loan was closed.

On 12/16/2020, a meeting with the DHNP Director, Fulton Bank Lender and Dr. Williams (Borrower) was convened to discuss the terms and conditions of DHNP’s commitment letter.

1. The DHNP Director explained that the commitment is subject to conditions and with the understanding that the actual funding would not be provided unless and until all the requirements are met.
2. Significantly, funding would be provided only as part of the closing on the financing of the affordable LIHTC development project which is Phase II and not for Phase I, the acquisition of the property which Borrower needs to accomplish to proceed to Phase II.
3. The DHNP capital would be structured as a no-interest forgivable loan (no debt service
requirements), versus a grant, as a mechanism to file a Second Deed of Trust in case the project
does not succeed.

4. Borrower has two deliverable hurdles: 3/10/2022 and 7/15/2022 to complete tax credit
applications and receive tax credit funding, respectively; and 9/30/2022, if Borrower fails to
close both the acquisition funding (VSBFA) and development financing (Fulton Bank)

Pursuant to our findings, Borrower has asked the VSBFA to increase its loan from $750,000 to
$1,000,000.

Borrower will then approach Seller with a million dollar payment and a request for $500,000 of
Seller financing for one year, with the same pricing and amortization as our loan. It is also
understood that the VSBFA will maintain a first deed of trust, however, our loan to value will
increase from approximately 47% to 63%.

Time being of the essence, Mr. Pisons polled The Board to increase the loan from $750,000 to
$1,000,000 by distributing the Credit Approval Memorandum.

Mr. Pisons requested a change on the Credit Approval Memorandum on page 5 under Approved
By to the following: On 1/20/2021, Mr. Pisons petitioned the Board of Directors individually by
e-mail to approve an increase in the loan commitment for Churches in One accord from $750,000
to $1 million. No objections were made and all of whom responded did so by individually
signifying their approval by email reply.

Chairman Hopper called for a motion to approve the amended request and ratify the increase from
$750,000 to $1,000,000. Motion was made by Mr. Joyce, seconded by Mr. Johnson and approved
by The Board by roll call. Mr. Pisons called the roll. Voting Aye: Vice Chairman Amin, Ms.
Ganeriwala, Mr. Holeman, Mr. Hopper, Mr. Johnson, Mr. Joyce, Ms. Marino, Ms. Mayton, Mr.
Puri and Mr. Smith; Voting Nay: None; Abstained: Mr. Hoang
