Centers

Are you interested in growing your small minority business with support from the Department Of Energy?

In 2022, DOE will be facilitating diversified Technical Assistance & Training Webinars to support your business with:

- Start-up training and resources for new Minority Business Enterprises
- Access to strategic planning, pacing, and learning with multi-agencies
- Enterprise networking, funding opportunities, and ono-on-one matchmaking
- Live Q&A panel session with federal representatives

Join us to reduce barriers to DOE opportunities. You won't want to miss it!
